

Steenburg Lake Community Association

STEENBURG LAKE
HASTINGS COUNTY
ONTARIO CANADA

October, 1985.

Dear Cottagers,

Well, another holiday season is about to close. The Annual Meeting of the Steenburg Lake Community Association was held on Aug. 3, 1985.

Many new items have been brought forward for the benefit of the cottagers.

GOOD NEWS!!!

- Water Quality: Excellent results on water quality and depth.
- Lake Stocking: Stocking of fish for the lake was suggested and the association has contributed \$200. to start the fund. Approximate cost for each cottage would be \$5. yearly.
- Road Signs: Wes Moffatt has agreed to construct wooden sign-boards for the cottage numbers. Also, individual number signs for each cottage will be available from Wes for a small cost.
- Fire Protection: Some good news and some bad.
- Limerick Township now has fire protection at a small 3.65% tax increase. There are twenty-three volunteers, a pumper and truck and garage.
- Tudor Township currently has no protection.

002
289/18
Cottagers may have to add some pressure
to their elected representative for
joint fire protection between the two
townships.

I hope everyone has a happy winter season.

Sincerely,

Bob Wells

Secretary,
Marion Duggan
